The very last winter rose “Brindabella Blaze” that accompanied Annette

The Verse from Grant’s mother

The story of the Verse on the Memorial Card:

While looking for pictures for the service Nick opened up an old album and inside found the card with the verse written on it by Grant’s mother. When she was dying she had used verses like that to comfort those family and friends who were having difficulty accepting her imminent death. She was such a beautiful calm and serene person. It seems that 20 years on this verse was meant to be found and used for Annette.
